THE TRIBUNE.

Whig and Loco-Foco Policy.

If vigilance of profession and boldness of assertion were established tests of Political uprightness, then we must allow that our opponents have been the best of the argument. But we disclaim any such ordeal—we insist that DEEDS, not words, be the touchstone of Party merit. The last *Evening Post* has a bold, reckless Editorial, intended to prejudice Adopted Citizens against the Whigs. The following is its most essential paragraph:

"The policy of the Whigs is one of restraint; that of the Democrats, one of liberality. The sympathies of the Whigs are with particular classes, those of the Democrats with the vast aggregate of the people. Whigism legislates for the good of cliques, Democracy for the good of the community. The one is the defender of ancient and oppressive abuses, the other of useful reforms. Under the guidance of the first, society would remain stationary; under that of the second, it would become progressive. One is for fettering the free activity of men, the other for giving it uninterrupted play. The one would perpetuate the present relations of men, but as they are; the other would enlarge the freedom and facilitate the advancement of every individual."

From these wholesale assertions we appeal to notorious FACTS. It is a fact that the Monopoly Banking System grew up to a perfection of abuse and corruption under the Van Buren ascendancy, and that it has been wholly done away by the Whigs. It is a fact that the business of Auctions was made a Political Monopoly under the Van Buren rule, and that this monopoly was also destroyed by the Whigs immediately on coming into power. It is a fact that, while Loco-Focoism is continually talking of absolute Freedom in Banking as the proper cure for all Currency evils, it has not yet established such freedom in a single State of the Union. The Whigs immediately on coming into power. It is a fact that, while Loco-Focoism is continually talking of absolute Freedom in Banking as the proper cure for all Currency evils, it has not yet

been addressed to the Committee of the two great political parties for satisfactory answers from the following named gentlemen:

Leverett, Vinton, Morris Franklin, Richard E. Moran,
Elijah F. Pardee, Daniel C. Pease, Ellridge H. Baldwin,
George G. Oliver, George T. Eckler,
George Ware, Cyrus Clay, Joseph T. Eckler,
Sammons Townsend, Nathaniel G. Bradford,
Courtney Schlesinger, James W. Hamilton,
John L. O'Sullivan, H. Ross St. John,
Edward Seward, Wm. Jones,
Stephen Davison, Richard F. Carman,
Wm. McMurphy, John Coger Jr.,
David D. Field, David R. Jones.
A circular has been addressed to W. B. Macay, and the Committee has since called at his residence, and ascertained that he was out of town.

A circular has been addressed to Charles M. Graham in Avenue near 13th street, and no answer has been received.

VAN BUREN NOMINATIONS.

Chemung.—Samuel E. Hathaway, Jr. of Elmira.

Cattaraugus.—Samuel Burrows of Olean, and Lewis P. Thorp of Napoli, (not Pratt and Simmsland, as before erroneously stated.)

Lord Morpeth, late Lord Lieutenant of Ireland, who arrived at Boston in the fast steamer, was in Rochester last Saturday, and stopped at the Eagle Hotel.

Dr. T. P. Satterwhite of Lexington, Ky., was thrown from his horse in the street on the 23d, and so injured that he died that night.

Prof. Espy is lecturing in Boston.

The BLOW.—The most protracted storm which has been experienced for two years has scarcely terminated. For six days no boat arrived from Buffalo; and it was not until yesterday morning that the steamboat Buffalo, Capt. Allen, made her way up. The Cleveland, Capt. Hart, came in soon after, having been prevented from leaving Buffalo until 24 hours after her time. The Dr. Witt Clinton is still behind.

TRADE AT TROY.—The Transportation Business is now, Nov. 1, at its height; our large tow-boats are loaded down to the gunwales on their upward and downward trips, and flour, wheat and other western productions, are pouring down the great Erie Canal like an avalanche. The whole receipts for canal tolls during the present month will not fall short of \$300,000. [Troy Whig.]

Will any body who knows be so good as to inform us by what hocus-pocus Messrs. William Macay, David R. F. Jones, and Solomon Townsend have got upon both the Carroll Hall Ticket and that of the American Protestant Union, as well as the regular Tammany? The Carroll Hall ticket was made up exclusively of those who by words or deeds were pledged to support a change in the School System; while the "Protestant Union" ticket is stated to be made up only of those who have given promises to maintain the system as it is. How can this be? We have been assured that these gentlemen were in favor of a change last winter. Which side do they deceive?

SLAVERS AT ST. HELENA.—The ship Howard at Boston, from Calcutta, via St. Helena, reports the arrival at the latter place of the brig Gabriel, a slaver, which had been captured when 15 days from Havana, by H. M. brig of war Acasta. She had a crew of 65 Spaniards, and had seized several shots with the Acasta. She had a cargo of bale goods, lumber and rice. In one of the bags of rice were found papers which gave information that 23 slave vessels were fitting out from Havana. The Gabriel's crew were put on board the Acasta, which sailed for the Coast of Africa to land them on a desolate and uninhabited part of the coast.

Seven other slaves previously captured, were breaking up at St. Helena.

No less than 1600 slaves, taken from captured slave ships, were at St. Helena when the Howard left.

THE JEW AND HIS POUND OF FLESH.—Some days ago a gentleman from Mobile came to this city (New Orleans) and was here arrested for debt at the instance of a citizen of this place. Bill was found, but the inexorable creditor refused to let the stranger return to his family, though he pleaded hard for the immunity, fearing lest he might fall a prey to the pestilence.

In a day or two after the unfortunate debtor was seized with the fever, and on Sunday evening was carried to his grave.

We have merely given the outline of this heartless transaction; but it is enough to drown forever the Shylock who could thus delight in the death of the Jew who chanced to own him a few pence.

AN AMERICAN SCHOOL IN SYRIA.—A letter from Beyrouth, 20th August, says: "The Americans have in the mountains a gratuitous school, under the direction of a man of merit, Mr. Thompson, who has 500 Druzes as scholars. The Maronite patriarch has forbidden the Druzes to send their children there, but they deny his right to favor one school more than another. The Maronites, however, obey the injunction."
